

PE and Sport Premium 2017-2018

The Primary Section of Mayfield uses the PE and Sport premium to fund additional and sustainable improvements to the provision of PE and sport which includes encouraging the development of healthy, active lifestyles.

Funding allocated

£8476

Expenditure

The school has invested the premium allocation and additional money from the school budget/fundraising to promote PE and sport and healthy, active lifestyles in the following ways:

- Subscription to the Portsmouth School Sports Partnership to enable our children to participate in a wide range of competitions and events during the year. Our subscription has also enabled two teachers to attend the Real PE training courses to develop as PE specialists for the primary section, as well as giving us access to a specialist Primary PE teacher to work with our senior section PE staff on developing outstanding
- Funding the cost of football coaching for children in all years at the extra-curricular Football Club on a Friday after school
- Funding for extra-curricular clubs organised by our staff such as gymnastics, rounders and baton twirling.
- Funding the cost of an extra-curricular Multi-Sports club after school on a Thursday. The focus of this club changes each half-term as the seasons change.
- Funding the purchase of new resources to support the teaching of infant specific PE lessons as our infant provision extends into Year 3 for the first time.
- Funding the provision of new 'play equipment' for KS1 to improve scope and quality of activity during playtimes/lunchtimes.
- Organising an annual Infant Section Sports Day in July based around friendly competition between the Houses. The development an inter-House Sports competition for each term.

Funding Allocations

Portsmouth School Sports Partnership	£2,000
Pompey in the Community Club	£2,400
Multi-Sports Club	£3,000
Purchase of new equipment	£1,050
TOTAL	£8,450

Impact

PE and Sport participation and attainment

- Children during the school day have increased their levels of physical activity in both friendly and competitive sport and activities through the provision of high quality play equipment. Improved outdoor active play for KS1 and KS2 due to new outdoor provision.
- Children regularly receive high quality PE teaching from our teaching staff that is targeted specifically at the skills that primary children need to develop.
- Children can access a wider range of sporting clubs than before through a combination of staff led clubs and specific clubs led by coaches employed to do this by the school, such as Pompey in the Community and CM Sports. Take up for these classes has been very high with 30 children attending Multi-Sports and 40 children attending the Football Club. As a result, children's skill levels and amount of time engaged in physical activities have increased overall.
- Every child in Year 2 represented our school in a Portsmouth Schools Sport Festival or tournament in 2016-17. This is going to be extended so that every Year 2 and 3 child represents our school in 2017-18.

How the improvements will be sustainable in the future

- The school is committed to funding PE and Sports development in order to maintain the quality of provision already established.
- Subject knowledge for teaching staff will increase as our teachers access the Real PE training and get to work alongside Primary specialists through our Sports Partnership.
- As the school expands into Key Stage 2, we are keen to expand the range of extra-curricular provision with additional sporting clubs being made available. We are exploring links with cheerleading, swimming, rugby, tennis and cricket coaches to ensure that new experiences become available to our children year-on-year.
- A Primary School Council is now established and we will be working closely with the children to identify opportunities to make our school healthier. We will be talking to the children about the kinds of play equipment that they would like us to buy and the range of sporting clubs that they would like to be provided.
