At PETA, we recognise the importance of you providing support to your child in order for them to make the right choices when it comes to securing their future.

This session is designed to arm you with all of the information needed to help your child make an informed choice.

Breaking it into key facts and dispelling myths, it will outline how PETA can support your child on their chosen career pathway.

Remember that you are welcome to bring other family and friends too. We look forward to seeing you there!
